

Reference: FOI.ICB-2324/166

Subject: Regulation 113 Notices

*I can confirm that the ICB **does hold some of the information requested**; please see responses below:*

QUESTION	RESPONSE
<p>Please may you provide me, in Microsoft Excel or an equivalent electronic format, with a list of non NHS trade invoices that were not paid within 30 days for the last 6 financial years (2017/18 to 2022/23 inclusive) which would feed into the Regulation 113 Notice you are required to publish each year as part of your obligations under The Public Contracts Regulations 2015, with the following information for each invoice (where available):</p> <ul style="list-style-type: none"> • The name of the Supplier • Supplier email address • Supplier company registration number • Supplier postal address • Supplier telephone number • Supplier website • The date of the invoice • The invoice reference • The gross value of the Invoice • The date the invoice should have been paid by • The actual payment date of the invoice 	<p>Please find attached the ICB Better Payment Practice Code (BPPC) database.</p> <p>Please note: The ICB has included the column 'BPPC selection criteria' as this explains why some invoices have a due date of later than 30 days after the invoice date. The selection criteria is system generated and the ICB cannot change the due date.</p> <p>The ICB does not include the following on its BPPC database:</p> <ul style="list-style-type: none"> • Supplier email address • Supplier company registration address • Supplier postal address • Supplier telephone number • Supplier website • The total amount of interest liability due to the late payment of the invoice • The total amount of interest paid to the supplier due to late payment of the invoice

- The total amount of interest liability due to late payment of the invoice
- The total amount of interest paid to the supplier due to late payment of the invoice.

We expect that this information to be readily available and easily accessible in the electronic format requested given the necessity of source data which must have been required to prepare and produce the Regulation 113 Notice.

The ICB has identified 2295 invoices within scope of the request. Some of the information requested above may be available on the individual invoices however to provide the information the ICB would need to review each invoice and record the information. The ICB estimates that this would take at least 10 minutes per invoice and so in total this would take around 833 hours to complete. This is more than the 18 hours appropriate under the FOI Act, therefore the ICB has exempted the additional information under Section 12 (Cost compliance exceeds appropriate limit).

The ICB believes that the requested supplier information may be available on the internet through the supplier websites and Companies House.

The information provided in this response is accurate as of 7 August 2023 and has been approved for release by Sarah Truelove, Deputy Chief Executive and Chief Finance Officer for NHS Bristol, North Somerset and South Gloucestershire ICB.
