

Reference: FOI.ICB-2425/038

Subject: ICS Data Strategy and Shared Care Records

*I can confirm that the ICB **does hold some of the information requested**; please see responses below:*

QUESTION				RESPONSE
1. Does the Integrated Care System have a data strategy in place, either as a standalone strategy or as part of a broader digital or BI strategy? If yes, please provide a copy.				https://bnssghealthiertogether.org.uk/wp-content/uploads/2023/03/Digital-Strategy.pdf
2. Is the same/similar data set used for the Shared Care Record also used for any of the purposes set out in the table below? Please tick all that apply:				The BNSSG (Bristol, North Somerset and South Gloucestershire) Shared Care Records system integrates access to data and documents from the electronic record systems operated by health and care providers. We do not hold centrally a document that illustrates the data flows.
Purpose	Yes/No	Within Shared Record product? (Yes/No)	Via a different product or platform? (Yes/No)	
Other Direct Care purposes e.g. Cohort/caseload dashboards				

Proactive targeting of services			
Population Health Management			
Planning and improvement			
Research and innovation			

3. Please provide a document illustrating the data flows for your ICS Shared Care Record. The table below illustrates the information required:

Type of data	Source	Method
Acute hospital	Provider	Data extract
Mental Health	Clinical System Supplier	Real-time API
Primary Care Data	Middleware supplier	Real-time API

The information provided in this response is accurate as of 20 May 2024 and has been approved for release by Seb Habibi, Deputy Chief Transformation and Digital Officer for NHS Bristol, North Somerset and South Gloucestershire ICB.
