Reference: FOI.ICB-2425/146

Subject: Children and Young People A&E or Urgent Care Mental Health Related Presentations

I can confirm that the ICB does hold some information requested; please see responses below:

QUESTION	RESPONSE
For each sub-ICB location (using the latest boundaries) in your area, could you provide the number of young people aged 11 to 25 inclusive who presented in A&E or urgent care with a mental health diagnosis in calendar years 2017, 2019, 2021, and 2023? **Additionally, please split this data into two age groups: 11-18 and 19-25.** Please include diagnoses with the following ICD-10 codes in any diagnostic position: • F20-29: Schizophrenia, schizotypal and delusional disorders • F30-39: Mood disorders • F40-49: Neurotic, stress-related and somatoform disorders • F50-59: Behavioural syndromes associated with physiological disturbances and physical factors • F60-69: Disorders of adult personality and behaviour • F90-98: Behavioural and emotional disorders with onset usually occurring in childhood and adolescence • F99: Unspecified mental disorder	A&E and Urgent care attendance data are reported in the Emergency Care Data Set (ECDS) which was introduced in 2017. ECDS does not code diagnosis using ICD10, instead it used SNOMED coding. A Snomed to ICD10 mapping tool was used to identify relevant codes for stated diagnoses. The following table reports a count of individuals who attended an A&E Department located within the BNSSG boundaries once or more and had a corresponding diagnosis code in any diagnosis position. Please note, data are not provided for 2017, as the current ICB Boundaries were not established until April 2018 with the creation of BNSSG CCG. Table: | Year	Age band	Patients distinct | | --- | --- | --- | | 2019 | 11_to_18 | 667 | | 2019 | 19_to_25 | 1039 | | 2021 | 11_to_18 | 842 | | 2021 | 19_to_25 | 979 | | 2023 | 11_to_18 | 704 |

Together we are BNSSG

• G47: Disorders of initiating and maintaining sleep [insomnias] • Z91.5: Personal history of self-harm	2023	19_to_25	977	

The information provided in this response is accurate as of 24 July 2024 and has been approved for release by Seb Habibi, Deputy Chief Transformation and Digital Officer for NHS Bristol, North Somerset and South Gloucestershire ICB.
