Subject: Wound Care Data Collection

I can confirm that the ICB does hold some of the information requested; please see responses below:

QUESTION	RESPONSE
<p>1. Wound Care Data Collection</p> <p>a. Does your ICB collect or receive data on wound care, particularly for chronic wounds (e.g. leg ulcers, pressure ulcers, diabetic foot ulcers)?</p> <p>b. If not, are there plans to do so within the next 12months?</p> <p>c. What specific data points are collected (e.g. wound type, healing time, product usage, care setting, clinical outcomes)?</p> <p>d. How is this data collected (e.g. electronic patient records, community health systems, audits)?</p> <p>e. Is data collection standardised across providers within your ICB footprint?</p>	<p>a. Yes</p> <p>b. N/A</p> <p>c. Details relating to the Wound Care Information standard are available in the public domain : DAPB4086: Wound Care Information Standard - NHS England Digital & Wound Care Information Standard - PRSB; Full implementation required by September 2025. In addition, information is shared which indicates the clinic type.</p> <p>d. The ICB does not hold this information; please contact care providers in our ICB for more information</p> <p>e. The ICB does not hold this information; please contact care providers in our ICB for more information</p>
<p>2. Data Usage and Sharing</p> <p>a. For what purposes is wound care data used (e.g. commissioning, performance management, service planning)?</p>	<p>Information relating to how the ICB uses and shares information can be found on our Privacy Notice pages - Our uses of information - BNSSG Healthier Together</p>

<p>b. Is this data shared outside your organisation (e.g. NHS England, research bodies, suppliers)? If yes, under what governance or agreements?</p>	
<p>3. Technology and Digital Systems</p> <p>a. What digital systems or platforms are currently used for recording and managing wound care data (e.g. EMIS, SystemOne, bespoke solutions)?</p> <p>b. Are there any current or upcoming digital transformation initiatives focused on wound care?</p>	<p>a. EMIS is used in Primary Care</p> <p>b. No</p>
<p>4. Spend and Commissioning</p> <p>a. Does your ICB hold data on spend related to wound care (e.g. dressings, devices, service delivery)?</p> <p>b. Are wound care services commissioned centrally by the ICB or delegated to Place or provider level?</p>	<p>a. Wound care services are commissioned as part of a wider block contract for community services and as such the ICB does not hold data on spend related specifically to wound care. This information may be held by Sirona care & health (hello.sirona@nhs.net)</p> <p>b. Wound care services are commissioned centrally by the ICB as part of the adult community services contract and as part of a local enhanced service for general practices, delivering care at practice level. Further information about these services can be found here: Tissue Viability/Wound Care Service (Remedy BNSSG ICB)</p>
