QUESTION	RESPONSE
1. Where activity based tariffs are in place for community dermatology services, please could you provide a list of these tariffs (e.g. price for First Outpatient Appointment, price for Follow-up etc)?	Community Dermatology services are included in the Adult Community Services contract delivered by Sirona care & health CIC, which has a block payment method for the delivery of the contract. As such we do not have activity based tariffs for community dermatology services.
2. Would you consider applications to be an additional community dermatology provider on an Any Qualified Provider basis? If so, please would you share any guidance or forms that would need to be completed by an applicant?	BNSSG ICB is not currently considering applications for additional providers of community dermatology services. Should this position change the opportunity will be advertised via Find a Tender
