3. The names of any NHS Trusts, GP practices, or third-party providers with whom the ICB held contracts or service level agreements relating specifically to the provision of healthcare services for asylum seekers during this period, together with the total annual value of each contract.

Information about services for asylum seekers and refugees (The Haven) can be found here: [Asylum Seeker and Refugee Health \(Remedy BNSSG ICB\)](#). The Haven is provided by Sirona care and health CIC as part of a larger block contract and as such it is not possible to separate the spend on individual parts of that block contract.

Additionally, there is a Local Enhanced Service in place to support assigned practices who register Asylum seekers once they arrive in the hotels.

Below is a list of practices currently registering Asylum seekers in BNSSG:

GP Practice
Broadmead Medical Centre
Bridge View Medical Centre
Bedminster Family Practice
Montpelier Health Centre
Mendip Vale Medical Centre
Concord Medical Centre
Stoke Gifford Medical Centre

The Migrant Health Local Enhanced Service is not paid as a block contract; instead, payments are made based on the number of registrations by each practice.

The information provided in this response is accurate as of 12 February 2026 and has been approved for release by David Jarrett, Chief Delivery Officer for NHS Bristol, North Somerset and South Gloucestershire ICB.
