

Reference: FOI.ICB-2627/134

Subject: Federated Data Platform GP Data Flows

I can confirm that the ICB does hold some of the information requested; please see responses below:

QUESTION	RESPONSE
1. The specific range of GP data that is currently being ingested into your ICB instance of the FDP	None
2. What Data Sharing Agreements (DSA) underpin this sharing	Not applicable
3. Whether these DSAs stipulate that data shared by GPs will be ingested into the Palantir-powered FDP	
4. What the data is used for within the FDP, specifically with regard to the Commissioning Support Tools (CST) we know some ICBs have adopted	
5. Whether patient data held within the FDP and sourced from GP data systems is patient level identifiable data	

6. Whether any patient level identifiable data is accessible to Palantir engineers who have been granted access to FDP data stored in your ICB instance of the FDP and the mechanisms in place within your ICB for accrediting access.
