

Reference: FOI.ICB-2627/149

Subject: Use of Dashboards in the Federated Data Platform (FDP)

I can confirm that the ICB does hold some of the information requested; please see responses below:

QUESTION	RESPONSE
1. Please provide a list of analytical tools in FDP that staff in your ICB are currently using.	None
2. Please can you list any analytical tools which sit outside of the FDP that staff in your ICB are currently using? For example, Power BI used outside of FDP.	The ICB is not using any analytic tools that link to or use data from FDP.
3. Please can you list any dashboards which sit outside of the FDP that your staff are using? For example, a dashboard provided on Tableau server or NHS Futures.	The ICB is not using any dashboards that link to or use data from FDP.
4. Have your data analysts built any apps or dashboards in the FDP since your ICB started using FDP? If yes, please can you supply the name and a brief description of its function for each.	No
5. Have your data analysts built any apps or dashboards outside of the FDP since the ICB started using FDP? If yes, please can you supply the name and a description of the function for each.	The ICB has not built any apps or dashboard that link to or use data from FDP.

The information provided in this response is accurate as of 24 July 2026 and has been approved for release by Seb Habibi, Chief Transformation and Digital Information Officer for NHS Bristol, North Somerset and South Gloucestershire ICB.
