QUESTION	RESPONSE
Please provide the following for your Trust for each of the last three financial years (2023/24–2025/26):	
1. The number of individuals identified as drinking at increasing or higher risk levels (e.g. via AUDIT/AUDIT-C screening), or as using illicit drugs or misusing prescription medication at a problematic level, whether or not they went on to access structured treatment.	BNSSG (Bristol, North Somerset and South Gloucestershire) ICB does not hold this information; these services are commissioned by the Local Authority.

We advise you to contact the following directly for the information: Bristol City Council - https://www.bristol.gov.uk/data-protection-foi/freedom-of-information-foi
3. Of those identified but not referred, or referred but not engaged, the number and reason recorded (e.g. declined, did not attend, below treatment threshold, no service offered).
